

Welcome to Quail Lakes Day Camp. We have prepared an exciting and fun-filled summer for kids entering first through eighth grade! Each week we will teach kids how to discover the way God has shown us to walk as we find biblical truths that are unknown to us, but known to Him. We will have crafts, trips, challenges, and even campus visitors highlighting each week's focus!

It is our purpose to provide your child with a safe, caring environment along with a summer full of entertainment and incredible fun! In addition to the field trips we take both in and out of town, your child will be participating in exciting team building activities on campus led by our talented staff. Specialty camps are also included so that your child can choose to learn and participate in activities like: extreme cooking, art, a variety of sports, and so much more.

Although we have a well-planned schedule, we cannot control the weather and the extreme heat. Therefore, we will be hosting on-campus activities. This includes the use of our game room, furnished with foosball, air hockey, PlayStation, Guitar Hero, and a Nintendo Wii. We also bring in entertainment to camp such as: slight-of-hand performers, musical performers, animal experts, and much, much more! The rest of the week will be occupied with our usual activities including: swimming, water games, crafts, tours, relays, etc.

Please contact our office for further information and questions you may have.
